**Transforming Training:  
Conquering New Human Factors  
Challenges through Innovation**

**23–26 June 2025  
Salzburg · Austria**

**Under the Patronage Of**

**Austrian Armed  
Forces**

**Austrian Security  
and Defence  
Industry Group**

**Austro Control**

# ABOUT THE EVENT

The Human Factors and Pilot Training Symposium 2025 is an exclusive event that brings together leaders and experts from both civil and military aviation to address critical areas in pilot training and Human Factors. This symposium offers a unique platform where professionals from diverse aviation sectors can collaborate, exchange knowledge, and learn from one another, exploring the latest developments and innovations.

What sets this event apart is the opportunity for civil and military aviation stakeholders to engage in meaningful dialogue. From operational flight and aerospace medicine to flight simulation and Human Factors training, participants will explore best practices, share experiences, and work together to tackle shared challenges in aviation.

Building on the excellent feedback from the 2023 Symposium, we've made this year's event even more engaging. The format encourages deeper discussions and enhanced networking opportunities, with plenty of time for interaction, collaboration, and building lasting professional connections.

Set against the stunning backdrop of Salzburg, a city renowned for its culture and Austrian hospitality, the Symposium offers an ideal environment for both learning and networking. The combination of expert speakers, engaging discussions, and a world-class location creates a unique opportunity for civil and military aviation professionals to advance Human Factors and pilot training practices.

For event details, visit [human-factors-symposium.com](https://human-factors-symposium.com). We look forward to welcoming you to Salzburg!

## FEES AND REGISTRATION

- Registration via [human-factors-symposium.com](https://human-factors-symposium.com)
- Early Bird Rate (until 28 Feb. 2025): 550 EUR (excl. VAT)
- Regular Rate: 650 EUR (excl. VAT)
- Rate for spouses: 200 EUR (excl. VAT)  
(includes Sightseeing-Tour)

## SYMPOSIUM HOTEL

Imlauer Hotel Pitter Salzburg  
Rainerstrasse 6 · 5020 Salzburg · Austria  
There is an allotment of rooms reserved that can be booked when registering for the event.

# PROGRAMME

## MONDAY, 23 JUNE

- Arrival and Registration
- High-G Workshop (separate registration necessary)
- Hypoxia Workshop (separate registration necessary)
- Icebreaker

## TUESDAY, 24 JUNE · TOPIC AREAS

- Introduction and Welcome
- Bridging the Skies: Exploring the Application of CBTA and EBT in Civil and Military Aviation Training
- AI/VR-Powered Flight Training: Innovations and Impacts
- Evolving Pilot Selection Criteria in the Age of Automation and Complex Aircraft Systems
- Navigating the Pressures: Challenges in Pilot Mental Health and Wellbeing

## WEDNESDAY, 25 JUNE, MORNING AEROMEDICAL STREAM · TOPIC AREAS

- Optimizing Pilot Readiness: Aeromedical Support to Air Training and Operations
- The Future of Aero-Physiological Training: Virtual Worlds, Human-Machine Teaming, and Real-World Performance
- Beyond Human Limits: Is the Pilot Becoming the Limiting Factor in the Man-Machine Evolution?

## WEDNESDAY, 25 JUNE, MORNING COMMERCIAL AVIATION STREAM · TOPIC AREAS

- Optimal Training: Balancing Regulation and Preparedness
- Redefining the Cockpit: Advances and Impacts of Single Pilot Operations

## WEDNESDAY, 25 JUNE, AFTERNOON · TOPIC AREAS

- Innovative Training Strategies: Bridging Virtual and Real World
- Presentation of Workshop Results
- Closing of the Event

## WEDNESDAY, 25 JUNE, EVENING

- Take-Off Dinner

## THURSDAY, 26 JUNE

- Technical Tour

Speakers to be announced. Programme subject to change.
